ABOUT SHD

Sarah Hiers is a local New England artist who began her career in Boston and currently resides in Portland, Maine. Sarah started her design business in 2017 by drawing custom pet portraits in pen and ink. Once she discovered digital art she saw a world of possibilities open up before her. She expanded her portfolio to include all types of animals, bugs, ocean creatures, food, drinks, and more. Sarah finds a lot of her inspiration in nature and animals, as well as in places she has either lived or visited.

Sarah Hiers Design has always had one mission: to spread joy through artwork that is happy, original, and bright. The different colors, shapes, and subjects that make up each of Sarah's collections embody these traits in the hopes of putting a smile on someone's face. In addition to art prints, apparel, and other gifts, we offer stickers that are waterproof, weatherproof, and can even withstand the harsh New England winters.

CUSTOM STICKERS

In keeping with our goal of spreading as much joy as possible, Sarah Hiers Design is always happy to create custom stickers or artwork. See a design you like but want it to be a different color or say something else? Let us know and we can make your art dreams come true. We hope these stickers bring you a BIG spark of joy. Put them on any surface to add an extra dose of happy.

SARAH HIERS DESIGN VINYL STICKER PRICING

3 Inch Stickers
